Sequence Diagram

GET /ms-commons/v1/applications-version/{platform}

I/O Spec

Input

Request Header

Field Name	M/O/ CM	Data Type (Length)	Description	List of Values	Remarks
api-key	M	string	API key		

Path Parameter

Field Name	M/O/ CM	Data Type (Length)	Description	List of Values	Remarks
platform	M	string	Device platform.	- ios - android	

Output (Success)

Field Name	M / O/ C M	Da ta Ty pe (Le ngt h)	Descrip tion	List of Value s	Loc atio n (Hea der/ Bod y)	Map ping Typ e (Fix ed Valu e/ Dire ct/ Logi c)	Mapping APIs / Database Table	Mapping Field Name	Remarks
---------------	------------------------	--	-----------------	-----------------------	---	--	--	--------------------------	---------

status	M	integer	Status Code of the response	1000 = "Success"	Body	Fixed Value			<u>Fixed Value:</u> status = 1000
data	M	object	Response data info	-	-	-	-	-	-
data.version	M	string	Application Version		Body	Direct	https://bluelobik-asas.atlassian.net/wiki/spaces/TNS/pages/36306945 Can't find link	version	
data.installationLink	M	string	Install application link based on platform.		Body	Logic	https://bluelobik-asas.atlassian.net/wiki/spaces/TNS/pages/36306945 Can't find link	- installation_link_ios - installation_link_android	<u>Logic:</u> if platform = "ios" then installation_link_ios else installation_link_android
data.releaseNote	M	string	Version release note.		Body	Direct	https://bluelobik-asas.atlassian.net/wiki/spaces/TNS/pages/36306945	release_note	

							an't find li nk		
data.updateDate	M	datetime	Update version date time.		Body	Direct	https://bluebird-asa.atlassian.net/wiki/spaces/TNS/pages/36306945 C an't find li nk	last_updated	

Output (Fail)

Field Name	M / O / C M	Data Type (Length)	Description	List of Values	Location (Header / Body)	Mapping Type (Fixed Value / Direct / Logic)	Mapping APIs / Database Table	Mapping Field Name	Remarks
status	M	integer	Status Code of the response	4000 = "Business Logic Error"	Body	Logic			

				• 50 00 = “Sy ste m Err or”					
error	M	obj ect	Contain Error Info		Bod y	Logi c			
error.code	M	Int eg er	Error Code		Bod y	Logi c			
error.message	M	stri ng	Error message		Bod y	Logi c			

Mapping Data

Mapping when select from <https://bluebik-asa.atlassian.net/wiki/spaces/TNS/pages/36306945> Can't find link

Mapping Field Name	Mapping Type (Fixed Value / Direct / Logic)	Location (Request.Header/ Request.Body)	Field Name	Remarks
SELECT
